## SOCIAL AND PERSONAL

On Wednesday evening at 7:30 o'clock Rev. C. A. Hodshire assisted by Rev. G. W. Rigby, united in marriage Mr. Wilbur Cedardale, commonly known as Wilbur Kurrie, and Miss Hazel Wagner, both of Pendleton. A much enjoyed solo, "I Love You Truly" was rendered by J. G. Kilpack. At its close the bridal pair, attended by Carl Mentzer and Miss Clara Straughn entered to the strains of Lohengrin's wedding march, played by Mrs. A. J. Owen and before the beautifully decorated altar the contracting parties pledged their faith each to the other. About seventy-five friends and relatives witnessed the ceremony. The bride was lovely in a dainty creation of white chiffon and messaline over net. She wore a bridal veil with wreath of Lillies of the Valley and carried a bouquet of white carnations. The bridesmaid was gowned in pale blue silk and also carried white carnations. At the close of the ceremony they left the church to the strains of Mendelssohn and were immediately driven to the home of Mr. and Mrs. W. T. Porter where they were tendered a reception.

Mr. and Mrs. Cedardale will reside here and will be at home to their friends at their residence on Hazel street after June 5th.

Miss Vernice Gregory of Portland, Ore., who formerly resided here, is visiting at the home of her uncle, Lee J. McAtee.

## Buick Conceded the Best

WHEN the agents for other cars tell you that their make of car has a motor like the Buick, or any other part of the mechanism is like the Buick, it is because they recognize that the Buick motor and construction is the best.

It is because they concede that Buick represents the highest standard of motor car construction.

They are correct thus far and we thank them for the compliment.

## BUT—

we want the public to know ALL the facts. No other make of car has a Buick motor or any other part of the famous Buick mechanism, for BUICK BUILDS BUICKS AND BUICKS ONLY, and when better cars are built Buick will build them.

Remember, over 50 of the 1916 Buicks have already been sold. Their buyers are owners who have owned cars before, who have driven cars over eastern Oregon's rough roads and steep hills, who have investigated thoroughly the car that will perform to meet these requirements, and who realize that experiments are generally costly.

## GREEN GOLD

In looking over our stock of gifts for the Graduates you will see a number of pieces of jewelry and even watches made in the green gold; this gold has a lighter and richer color than the gold that has been used for so long and you will recognize a beautiful yellowish-green luster that gives a piece of jewelry a richness and tone that you have never seen before.

Don't hesitate to choose a piece of this new jewelry because it is going to gain favor over the dull red gold of the past.

Jewelry purchased in this store carry the assurance that the article is correct in style and you can depend on the quality in every instance.
